PAGE

Harrison, Frank, and Corbin, Kendall B.
The sensory innervation of the spinal accessory and tongue musculature in the rhesus monkey 191

Harvey, A. M., and Brown, G. L.
Congenital myotonia in the goat 341

Henderson, J. L.
The congenital facial diplegia syndrome: clinical features, pathology and ætiology 381

Holmes, Gordon.
The cerebellum of man 1

Kanzer, M. G., and Bender, M. B.
Dynamics of homonymous hemianopias and preservation of central vision .. 404

Kendall, D.
Some observations on central pain 253

Kounine, B., Fitzgerald, G. M., and Greenfield, J. G.
Neurological sequelæ of "Kernicterus" 292

Lehoczky, T., and Benedek, L.
The clinical recognition of Pick's disease: report of three cases 104

Maas, Otto, and Paterson, A. S.
The identity of myotonia congenita (Thomsen's disease), dystrophia myotonica (myotonia atrophica) and paramyotonia 198

Maas, O., and Cumings, J. N.
Blood changes in dystrophia myotonica 422

Newman, H. W., Doupe, J., and Wilkins, R. W.
Some observations on the nature of vibratory sensibility 31

Northfield, D. W. C., and Russell, D. S.
False diverticulum of a lateral ventricle causing hemiplegia in chronic internal hydrocephalus 311

Paterson, A. S., and Maas, Otto.
The identity of myotonia congenita (Thomsen's disease), dystrophia myotonica (myotonia atrophica) and paramyotonia 198

Rowbotham, G. F.
Observations on the effects of trigeminal denervation 364

Russell, D. S., and Northfield, D. W. C.
False diverticulum of a lateral ventricle causing hemiplegia in chronic internal hydrocephalus 311

Schlesinger, B.
The venous drainage of the brain, with special reference to the Galenic system .. 274

Smyth, G. E.
The systemization and central connections of the spinal tract and nucleus of the trigeminal nerve 41

Spillane, John D.
Clinical investigations of olfactory function in brain tumour patients 213

Stern, K.
A chemical study on fluids obtained from cerebral cysts: report on fifty-six cases .. 88

Stern, K.
Severe dementia associated with bilateral symmetrical degeneration of the thalamus 157

Stewart Wallace, A. M.
A biochemical study of cerebral tissue, and of the changes in cerebral œdema .. 426

PAGE

Wilkins, R. W., Newman, H. W., and Doupe, J.
Some observations on the nature of vibratory sensibility 31

Williams, D.
The abnormal cortical potentials associated with high intracranial pressure .. 321

SUBJECTS.

Brain, venous drainage of, with special reference to the Galenic system. B. Schlesinger 274

Central pain, some observations on. David Kendall 253

Cerebellum of man. Gordon Holmes 1

Cerebral cysts: A chemical study on fluids obtained from. Report on fifty-six cases. Karl Stern 88

Cerebral tissue: A biochemical study of, and the changes in cerebral œdema. A. M. Stewart Wallace 426

Congenital facial diplegia syndrome: Clinical features, pathology and ætiology. J. L. Henderson 381

Cortical potentials, the abnormal, associated with high intracranial pressure. Denis Williams 321

Diverticulum, false, of a lateral ventricle causing hemiplegia in chronic internal hydrocephalus. D. W. C. Northfield and Dorothy S. Russell 311

Dystrophia myotonica, blood changes in. J. N. Cumings and O. Maas 422

Homonymous hemianopias, dynamics of, and preservation of central vision. M. B. Bender and M. G. Kanzer 404

"Kernicterus," neurological sequelæ of. G. M. Fitzgerald, J. G. Greenfield and B. Kounine 292

Muscle, the potassium content of, in disease. J. N. Cumings 157

Myelitis, acute and subacute necrotic. J. G. Greenfield and J. W. Aldren Turner .. 227

Myotonia, congenital, in the goat. G. L. Brown and A. M. Harvey 341

Myotonia congenita (Thomsen's disease), dystrophia myotonica (myotonia atrophica) and paramyotonia, the identity of. Otto Maas and A. S. Paterson 198

Neurogenic hyperthermia (a clinical syndrome and its treatment). Theodore C. Erickson 172

Œdema, cerebral, the histology of, associated with intracranial tumours (with special reference to changes in the nerve fibres of the centrum ovale). J. G. Greenfield 129

Olfactory function, clinical investigation of, in brain tumour patients. John D. Spillane 213

Pick's disease, the clinical recognition of. Report of three cases. L. Benedek and T. Lehoczky 104

Spastic dysphonia ("inspiratory speech"). Macdonald Critchley 96

Spinal accessory and tongue musculature, the sensory innervation of, in the rhesus monkey. Kendall B. Corbin and Frank Harrison 191

Thalamus, severe dementia associated with bilateral symmetrical degeneration of the. K. Stern 157

Trigeminal denervation, observations on the effects of. G. F. Rowbotham .. 364

Trigeminal nerve, the systemization and central connections of the spinal tract and nucleus of the. G. E. Smyth 41

Vibratory sensibility, some observations on the nature of. H. W. Newman, J. Doupe and R. W. Wilkins 31
